

HP WallArt Solution 3.0

Dropbox Feature

February 2015

HP WallArt Team

Basic Concept

Dropbox Feature adds value to your customers' designs

- 1 Offers total personalisation
- 2 Instant and multiple import of content
- 3 Selection of specific content

Funtionability

How it works

How can I import Dropbox content?

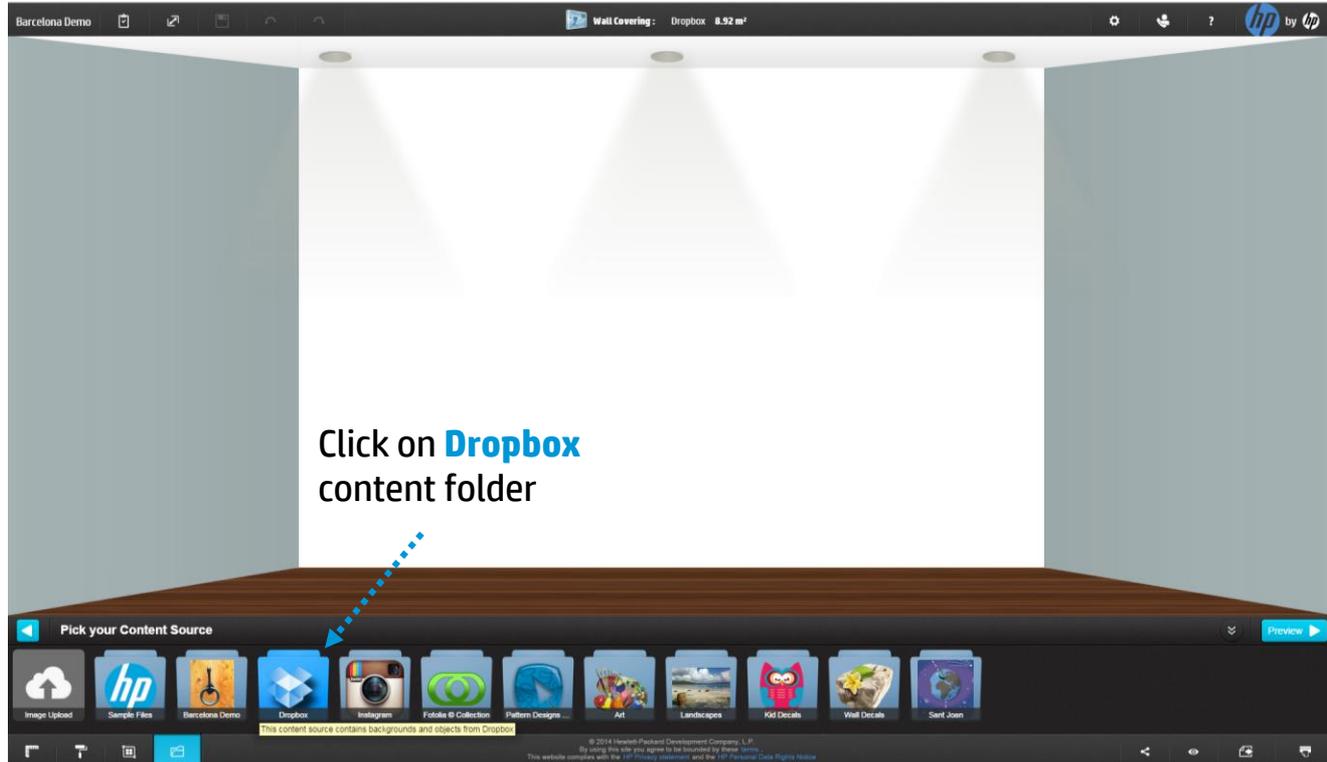

TWO WAYS

1. End-user: From your designer

Enter **Dropbox** Feature

Your end-user can import his/her Dropbox content from the designer

Importing your Dropbox content

The screenshot shows a web application interface for wall covering. At the top, a navigation bar includes the text "Barcelona Demo", a clipboard icon, a share icon, a print icon, a refresh icon, a home icon, a "Wall Covering" title, a "Dropbox" logo, and a "8.52 m²" measurement. On the right side of the navigation bar are icons for settings, a user profile, a help icon, and the HP logo with the text "hp by hp".

The main area is a 3D perspective view of a room with a white wall, a dark wood floor, and three spotlights on the ceiling. A text overlay in the lower-left corner of the room reads: "Click on **Dropbox Import** to start importing your content". A blue dashed arrow points from this text to the "Dropbox Import" button in the background selection menu.

At the bottom, a "Select a Background" menu is visible. It features a "Dropbox Import" button on the left, followed by a row of background thumbnails: "Trees", "shoes", "landscape", "Jungle", "Jungle kid", "Girl campaign", "friends", "closet", "beach", and "SANT". A "Next" button is on the right. Below the menu, there is a copyright notice: "© 2014 Hewlett-Packard Development Company, L.P. By using this site you agree to be bound by these terms. This website complies with the HP Privacy statement and the HP Personal Data Rights Notice." and a row of utility icons.

Click on **Choose File** and enter Dropbox

Dropbox Import

The image should be at least 1000 pixels in width and height with a file size less than 1 GB. We accept pdf, png, jpg and tiff formats.

Selecting your image

Your images would be imported into your general Dropbox folder of backgrounds, **not** enabling you to **create more folders or sub-folders**

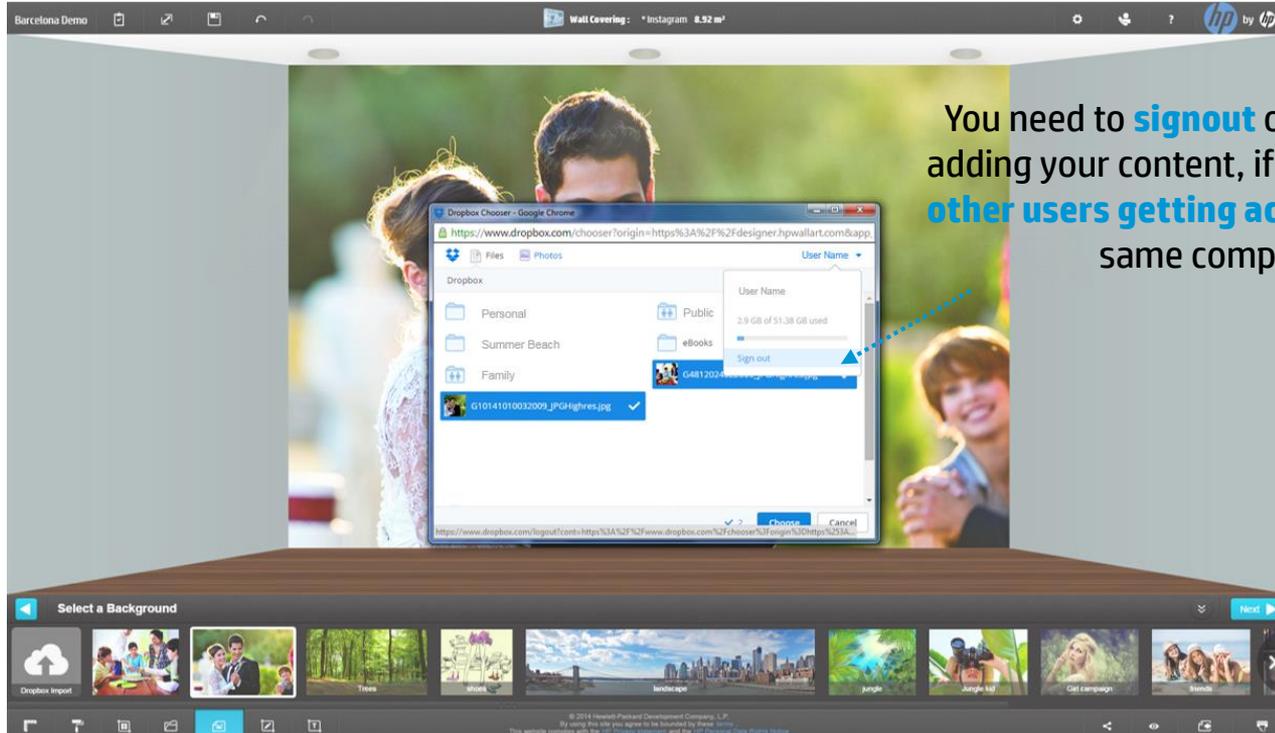

Deleting images from Dropbox folder in HP WallArt

Clicking on the image with the **right mouse button** you can **delete** the images from the Dropbox folder in HP WallArt

Logout from your Dropbox Account

You need to **signout** once you finish adding your content, if you **don't wish other users getting access** to it in the same computer

If you access to HP WallArt through a different device, your Instagram account will logout automatically

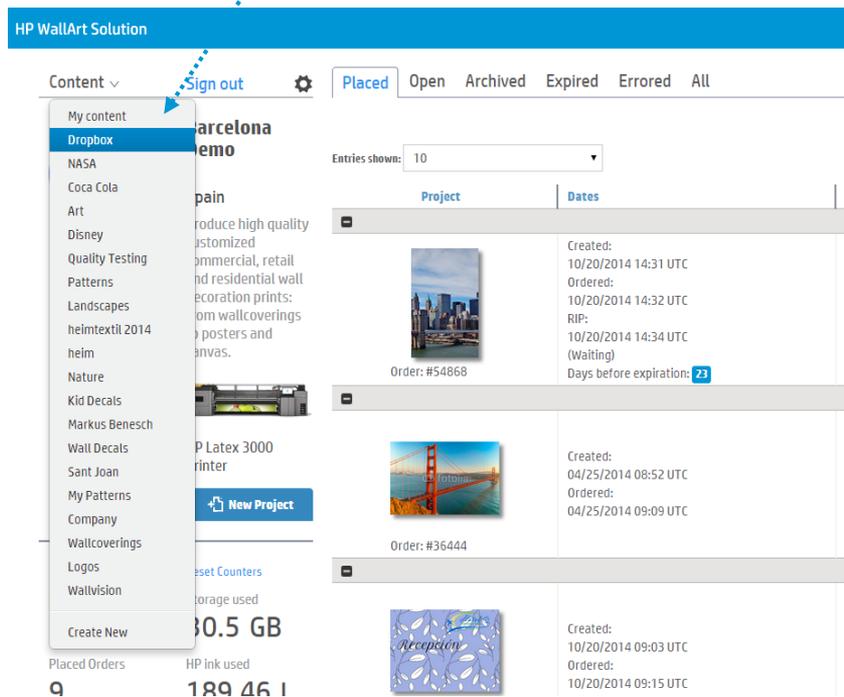

2. From your Dropbox content manager

Enter your Dropbox content folder from dashboard

As a PSP, you can use Dropbox to import faster files and packages of multiple images, manage them and categorize them in your folders & subfolders.

In your dashboard, enter **Content** and click on **Dropbox** to manage its settings

The screenshot shows the HP WallArt Solution dashboard. At the top, there is a blue header with the text "HP WallArt Solution". Below the header, there is a navigation bar with "Content" selected, and a "Sign out" button. A dropdown menu is open under "Content", showing a list of folders: "My content", "Dropbox", "NASA", "Coca Cola", "Art", "Disney", "Quality Testing", "Patterns", "Landscapes", "heimtextil 2014", "heim", "Nature", "Kid Decals", "Markus Benesch", "Wall Decals", "Sant Joan", "My Patterns", "Company", "Wallcoverings", "Logos", "Wallvision", and "Create New". The "Dropbox" folder is highlighted in blue. Below the navigation bar, there is a "Placed" button and a search bar. The main content area displays a table of projects with columns for "Project" and "Dates". The table shows three projects: "Barcelona demo", "Spain", and "P Latex 3000 printer". Each project has a thumbnail image and a list of dates: "Created:", "Ordered:", "RIP:", and "Days before expiration:". The "Barcelona demo" project has a "Days before expiration" of 23. The "Spain" project has a "Days before expiration" of 23. The "P Latex 3000 printer" project has a "Days before expiration" of 23. The "Barcelona demo" project has a "Days before expiration" of 23. The "Spain" project has a "Days before expiration" of 23. The "P Latex 3000 printer" project has a "Days before expiration" of 23.

3 Click on **Done**

Select the content folder where you wish to move your image

Finally, click on **Move**, once you have reached the folder where you want to move your image

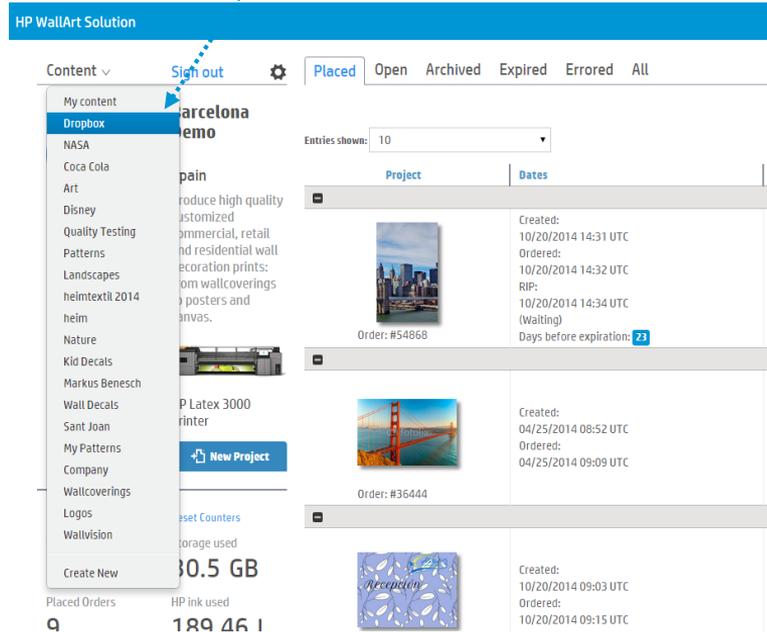

How can I hide Dropbox?

TWO WAYS

One way to hide or make Dropbox visible for your customers

In your dashboard, enter **Content** and click on **Dropbox** to manage its settings

1 In your Dropbox content folder's settings

The screenshot shows the HP WallArt Solution dashboard. At the top, there is a blue header with the text "HP WallArt Solution". Below the header, there is a navigation bar with "Content" selected, "Sign out", and a settings gear icon. To the right of the navigation bar, there are tabs for "Placed", "Open", "Archived", "Expired", "Errored", and "All". The main content area is divided into two columns. The left column shows a list of content folders, with "Dropbox" highlighted in blue. Other folders include "My content", "NASA", "Coca Cola", "Art", "Disney", "Quality Testing", "Patterns", "Landscapes", "helmtexii 2014", "heim", "Nature", "Kid Decals", "Markus Benesch", "Wall Decals", "Sant Joan", "My Patterns", "Company", "Wallcoverings", "Logos", and "Wallvision". The right column shows a table of content items. The table has columns for "Project" and "Dates". The first row shows a project with a cityscape image, order #54868, and a "Days before expiration" of 23. The second row shows a project with a Golden Gate Bridge image, order #36444. The third row shows a project with a blue patterned image, order #36444. The table also includes columns for "Created", "Ordered", and "RIP" dates.
